I'm letting it go
Oh, gonna tear it apart
Go back to the start
Pull the strings of my little heart

Oh, gonna build it right back
Into a castle not a shack
With the sun across my back
Are you ready?

Oh, stay with your lady
Play, just come back and save me
Stay, it's so slow with me honey
But oh, how sweet, how sweet
How sweet life could be

Time falls like snow
Oh, on the tip of my tongue
When it's gone, it's gone
Now hand me your gun

Where did you go?
Oh, did you tear it apart?
Now you're back at the start
Now there's nothing here left
Of my broken heart

So stay, stay with your lady
Play, just come back and save me
Stay, it's so slow with me honey
But oh, how sweet, how sweet
How sweet life could be
Oh, how sweet, how sweet
How sweet life could be

When I am walking down the street
I can hear the rhythm and the music
And the beat of his feet
I know I'll find you there
Tied up in some other conversation, frustration
But it just won't be mine

So stay, stay with your lady
Play, just come back and save me
Stay, it's so slow with me honey
But oh, how sweet, how sweet
How sweet life could be
