Honey you've been on my mind  
Like Christmas & birthdays when I was five  
Like the ticking clock for racers & those in the prison  
line  
Everest for Mallory  
And how drinkers know their wine  
And the birds & the bees when you hit nine  
And pearls for those girls who always have their hair in  
pretty curls

You're on my mind, You're on my mind, You're on my  
mind, You're on my mind

Honey you've been in my head  
Like homework on Sundays when I've been laughing  
instead  
Cigarettes for the cool kids behind the garden shed  
And love for lovers  
And the elephant by my bed  
And pearls for those girls who always have their hair in  
pretty curls  
And football for English boys who always have the  
newest toys

You're on my mind, You're on my mind, You're on my  
mind, You're on my mind, You're on my mind

So don't you go away too long  
Don't you go away too long  
Don't you go away too long  
Don't you go away too long

You're on my mind, You're on my mind, You're on my  
mind, You're on my mind
