You're gonna get me into trouble.
I knew it right off the bat.
You're gonna get me into trouble.
If you keep looking like that.

Well, I may be alone, but there's someone at home,
I just know I'm making a mistake.
A woman like you, walks in a place like this,
And you can almost hear the promises break.

You're gonna make me need an alibi.
You're gonna make me have to watch my back.
You're gonna make me have to tell a bunch of lies.
You're gonna make me have to cover my tracks.

Well, I told her wouldn't,
I thought I couldn't.
Now I'm so ashamed.
When I look at you,
It's all that I can do,
To think about what's her name.

You're gonna get me into trouble.
I knew it right off the bat.
You're gonna get me into trouble.
If you keep looking like that.
Don't look like that, baby,
No, no, no, no.

Instrumental Break.

You're gonna mix my emotions,
And you're gonna tangle my net.
You're gonna make me do something,
That I'm afraid I won't regret.

I may be alone, but there's someone at home,
I just know I'm making a mistake.
A woman like you, walks in a place like this,
You can almost hear the promises break.

You're gonna get me in trouble.

You're gonna get me in trouble.
You know you're gonna get me,
You know you're gonna get me,
You know you're gonna get me in trouble, now don't
ya?
