You can tell everyone love is over and done  
You can pack all your things and go  
You can lie to yourself and say thereâ€™s nothing else  
But thereâ€™s something I think you should know

(And) Itâ€™s never really over even though you say  
weâ€™re through  
You may be over me but canâ€™t you see  
Itâ€™s not over if Iâ€™m not over you

Thereâ€™s not much I can do if itâ€™s over for you  
Iâ€™ll just wish you the best when you leave  
But youâ€™ve played such a part in my life and in my  
heart  
Youâ€™ll always be a part of me

(And) Itâ€™s never really over even though you say  
weâ€™re through  
You may be over me but canâ€™t you see  
Itâ€™s not over if Iâ€™m not over you

You may be over me but canâ€™t you see  
Itâ€™s not over if Iâ€™m not over you
