You know that I'm still hurting
I can't turn the other cheek
But you know that I
I still love you
It's just that I cannot speak
I looked for you in everyone
And they called me on that too
I lived alone but I was only
Coming back to you

Ah they're shutting down the factory now
Just when all the bills are due
And the fields they're under lock and key
Tho' the rain and the sun come through
And springtime starts but then it stops
In the name of something new
And all the senses rise against this
Coming back to you

And they're handing down my sentence now
And I know what I must do

It's a hundred miles of silence while I'm
Coming back to you

There are many in your life
And many still to be
You are a light
You are a shining light
So there's many that you'll see
I've got to deal with my own envy
When you choose the precious few
Who've left their pride on the other side of
Coming back to you

Even in your arms I know
I'll never get it right
Even when you bend
When you bend to give me
Your sweet comfort in the night
I've got to have your word on this
Or none of it is true

And all I've said was just instead of
Coming back to you
