If you a soldier, then raise your rags
But if you a hater, you better hide your flags
But if you a soldier, then raise your rags
But if you a hater, you better hide your flags
Now if you a soldier, raise your rags
But if you a hater, you better hide your flags
But if you a soldier, raise your rags
But if you a hater, you better hide your flags

I told y'all the ghetto was a trap, but y'all fools didn't
