### "Where Did You Go"

Visit "[Where Did You Go](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Meine Sehnsucht nach Geborgenheit  
konntest du niemals stillen.  
Wie groß war meine Verlorenheit,  
als du letztendlich gingst.  
Der Schmerz sitzt so tief, tief in mir,  
ich wünschte du ständest vor meiner Tür.

Where did you go?  
Where did you go?  
Where did you sleep?  
Where did you sleep?  
Oh I did everything a possible thing.

Where did you go?  
Where did you go?  
Where did you sleep?  
Where did you sleep?  
Oh I did everything that you ever need.

Wo willst du hin?  
Wohin jetzt gehen?  
Baby ich lass dich niemals im Regen stehen.

Wenn die Vögel in den Städten zieh'n,  
wird mein Herz und Sehnsucht schwer.  
Ich wünscht' ich könnte Richtung Sonne flieh'n,  
so träum' ich ihnen hinterher.

Wo soll ich hin?  
Wohin jetzt geh'n?  
Werden wo anders meine Sorgen vergeh'n?

Where did you go?  
Where did you go?  
Where did you sleep?  
Where did you sleep?  
I would make everything a possible thing.

Where did you go?  
Where did you go?  
Where did you sleep?

Where did you sleep?  
Oh I did everything that you ever need.

Wo willst du hin?  
Wohin jetzt gehen?  
Baby ich lass dich niemals im Regen stehen.

Komm sei bereit,  
lass sie los, gib ihr Zeit.  
Wenn es Liebe ist, dann kehrt sie zurück.  
Sei bereit für das vollkommene Glück.

Where did you go?  
Where did you go?  
Where did you sleep?  
Where did you sleep?  
I would make everything a possible thing.

Where did you go?  
Where did you go?  
Where did you sleep?  
Where did you sleep?  
Oh I did everything that you ever need.

Wo willst du hin?  
Wo willst du hin?  
Wohin jetzt gehen?  
Wohin jetzt gehen?  
Baby ich lass dich niemals im Regen stehen.

Where did you go?  
Where did you sleep?  
I would make everything a possible thing.

Where did you go?  
Where did you go?  
Where did you sleep?  
Where did you sleep?  
Oh I did everything that you ever need.

Wo willst du hin?  
Wohin jetzt gehen?  
I would make everything a possible,  
everything a possible, everything a possible thing.
