Hey buzz
Lewis carroll would have loved you.
Hey buzz
There's a cloud around the room now.
I am so so sorry, I am so so sorry.
Hey buzz
This town doesn't hold me anymore.
Hey buzz
Come on over here with me.
Hey buzz
You just sit there are you happy?
We are running low, we are running low.
Counting crosses on the wall
Marking the days
This scene is fading, this scene is fading.

Hey buzz
This town doesn't hold me anymore.
Hey buzz
Funny how we ended up here.
Hey buzz
We will find our lucky feet again
Just around the corner, just around the corner
Counting crosses on the wall
Marking the days.
This scene is fading, this scene is fading
Hey buzz
Lewis carroll sure will love you.
