You've got to keep the fire burning
Got to keep it blazing there inside
You've got to keep the fire burning
If you wanna keep her satisfied

If you wake up and you find it's over
Do you think it will destroy your dream?
Do you think that you can find another?
Or will you have to plan and scheme?

You've got to dance in the right direction
You've got to [Incomprehensible] before she gets away
And view her mind with the right inspection
A woman that's on fire
A woman that's on fire will stay, stay

You've got to keep the fire burning
Got to keep it blazing there inside
You've got to keep the fire burning
If you wanna keep her satisfied

Now if you try to take the time to tell her
And you try to make her realize
Stop that fire and keep it smoking
She's gonna naturalize before your eyes

You've got to dance in the right direction
You've got to [Incomprehensible] before she gets away
And view her mind with the right inspection
A woman that's on fire
A woman that's on fire will stay, stay

Keep that fire burning
You've got to keep that fire burning
Got to keep that fire burning
You've got to keep that fire burning

Keep that fire burning
You've got to keep that fire burning
You've got to keep that fire burning
Got to keep that fire burning
