Raised the prices yesterday
At the grocery store
Reckless man hangin' out front
Always gets ignored
Can we ever solve these problems
In our changing world?
Will our children ever get
To play out in the yard?

There's a new kinda world that's takin' over
It's got devils, it's got angels sittin' on my shoulders
There's a new kinda world that's takin' over
There ain't no miles, second chances
There ain't no turnin' back

Living in this epidemic
Population surge
Will the future of tomorrow
How will they deserve?
How much further can we go
With all these spinnin' wheels?
And will my children recognize
The world that we all built?

So there's a new kinda world that's takin' over
It's got devils, it's got angels, sittin' on my shoulders
There's a new kinda world that's takin' over
There ain't no miles, second chances
There ain't no turnin' back

There's a new kinda world that's takin' over
It's got devils, it's got angels sittin' on my shoulders
There's a new kinda world that's takin' over
There ain't no miles, second chances
There ain't no turnin' back

There's a new kinda world that's takin' over
There's a new kinda world that's takin' over
It's got devils, it's got angels sittin' on my shoulders
There's a new kinda world that's takin' over
There ain't no miles, second chances
There ain't no turnin' back
