True I wasn't there for you, Told me that I hurt you  
deeply,  
Too young to know what to do, 16 and I have no worries  
When I saw that picture of you, I had to find the  
daughter I never knew

My abscess grows, I reap what I sew, these mistakes  
are my own, they'll tell you're not alone

Locked behind those bars of you, wish there was a way  
I could help,  
Too young to know what to do, lessons burn the point  
you've proven  
This love is complicated and bruised, realize what  
makes me makes you

My abscess grows, I reap what I sew, these mistakes  
are my own, they'll tell you're not alone  
Time to take it slow all this anger letting go, my child I  
long to hold all this anger  
I know I'm not a lord, I was never a saint, gotta take  
what you got 'cause I'm nothing you ain't  
If I gave you the world would you throw it away, better  
keep your chin up  
You can abuse it, you can use it, you can go right back  
down that line, living life with pain  
Never erase it, now you know

I'll be here your future's fading, understand what I'm  
explaining,  
I went in anticipating, I'll b here your future's fading

My abscess grows, I reap what I sew, these mistakes  
are my own, they'll tell you're not alone  
Time to take it slow all this anger letting go, my child I  
long to hold all this anger let it go

Little one can't you see I wanna let you go, don't you be  
like me
