Sick of the excuses that you want me to believe  
I've been understanding giving everything you need  
Using me is over now and soon your gonna see i'm  
done with you, i'm done with you  
Would there be a difference if i follow what you say  
Taking from my mind and i can't seem to get away  
Using me is over now and soon your gonna see i'm  
done with you, i'm done with you  
Everyone is the same  
Quick to point the blame  
All i know is that life is a struggle  
Why  
I can't seem to escape all the games that you play  
All i know is that life is a struggle  
Sorry, i'm angry, i've fallen from everything  
Why am i so angry inside my head  
Life's all the same  
Its yours to change  
I'm not ashamed to live my life  
Everyone is the same  
Quick to point the blame  
All i know is that life is a struggle  
Why  
I can't seem to escape all the games that you play  
All i know is that life is a struggle  
Why  
I can't seem to escape all the games that you play  
All i know is that life is a struggle  
(why am i so angry inside my head  
Life's all the same  
Its yours to change  
I'm not ashamed to live my life)
