

Adelphi "Midnight Scene"

Visit "[Midnight Scene](#)" on MotoLyrics.com

Grasping for sleep i can't breath
I can't escape from this dream
The glass like sheets blankets what left of
And the street invites me to sleep
"Escaping from this midnight scene, swear we'd live
forever":
I can't let
You let go
This crowds enough to drown me

I won't let go don't let me
The sun rises my only hopes that the street invites me
to sleep
I won't let you
Let go
This soon
I can't let go let go i can't let go this soon
Escaping this midnight scene
Swear we thought we'd live forever
