Abusing No more No more He says he loves you but the  
make-up will not cover up the bruises he left on you I  
tried to stop the cycle for you, this relationship is wack  
You bastard, don't touch her anymore Stand Up, Stand  
Up He's a drunk and abusing Stand Up, Stand Up He  
thinks that you'll never leave him Stand Up, Stand Up I  
wont let him get near you Stand Up, Stand Up I know  
that you are trying hard not to show up but the coward  
is an asshole Next time's your fault when he hurts you  
He wants to erase them I think that you should have the  
chance to enjoy the friends you have He's shameless  
Stand Up, Stand Up He's a drunk and abusing Stand  
Up, Stand Up He thinks that you'll never leave him  
Stand Up, Stand Up I wont let him get near you Abusing  
Next time's your fault when he hurts you Stand Up,  
Stand Up No more No more Abusing No more No more  
Stand Up, Stand Up It's not your fault when he hits you  
Stand Up, Stand Up Stand Up, Stand Up, Stand Up He'll  
always hurt you He thinks that you'll never leave him  
Stand Up, Stand Up, Stand Up One day he'll kill you  
Stand Up, Stand Up, Stand Up He's always hurting you  
Stand Up, Stand Up, Stand Up One day he'll kill you
