[Trumper delivers a note to the Arbiter]

The Arbiter: [Spoken]

Frederick Trumper has conceded the match. Anatoly Sergievsky is the new world champion!

[Crowd cheers]

Walter: [Spoken]

The drama at the World Chess Championship here in Merano, Italy is now off the board. Barely had Anatoly Sergievsky been proclaimed the new world champion when he upstaged his own triumph by deserting his Soviet team. I hear he is now seeking asylum in the West-- and this is incredible-- with the help of Trumper's own second, Florence Vassy.
