Does anybody here remember
Barrington Hall?
Does anybody here remember
Barrington?

They're happy in the night
And lethargic in the day
The people that live in
Barrington Hall

It gave him quite the fright
When wine ferret came his way
And he nearly lost his mind
Here in Barrington Hall

Just when I had thought
I'd seen it all
I stumbled 'round the corner
Into Barrington Hall

Does anybody here remember
Barrington Hall?
Does anybody here remember
Barrington?

The folks are full of smiles
As you're gazing at the walls
And the pictures draw you into the heart of
Barrington Hall

The stairs are rather big
While the room's extremely small
And smells are really interesting
At Barrington Hall

They drink up all the wine
Some opiate the time
No hands are free from grime
Here at Barrington Hall

They care not wrong from night
They electrocute the night

And it's always quite a sight
Down at Barrington Hall

And just when I had thought
I'd seen it all
I stumbled 'round the corner
Into Barrington Hall

Does anybody here remember
Barrington Hall?
Any recollection of Barrington?
