Well I've been fooled
And I've fooled around
No sense to lie
About where I'm bound
But once it's light and we're home
There won't be no time to burn
Burn through the night
Throw me away
Ten shovels deep
On mothers day
But once it's light and we're home
There won't be no time to burn
The names in the fridge
Gonna have to wait their turn
See I'm dressed and I'm done
Yea I'm coming for the sun
I've got to get some rest
And no
Won't you cover my face
I'm looking pale
And it is time to go home

Beneath The veil

Mother feels so alone

Beneath the veil

She's so alone

You know I'm scared

Scared straight to hell

Just hear my voice

And know I'm not well

But once it's light and we're home

There won't be no time to burn

The names in the fridge

Gonna have to wait their turn

See I'm dressed and I'm done

Yea I'm coming for the sun

I've got to get some

And no

Won't you cover my face

I'm looking pale

And it is time to go home

Beneath The veil

Mother feels so alone

Beneath the veil

She's so alone

And oh won't you make me up nice

While I'm around

Before I get out of town

Beneath the ground

There is barely a sound

Beneath The ground

There's not a sound

Oh whoa oh whoa
