"Mania"

My mania is over now, I'm done
Not interested in stardom, just want fun
I'm not interested in parties where my real friends can't
get in
I don't need a billion girls, I just want one

But I'm not feelin' like I'm young
Ain't nothin' new, just a quiet crisis I'm goin' through
Nothin' new, just a quiet crisis
But I'm not feelin' like I'm young

My arrogance is over now, I'm done
Get smarter when I start to see I'm the foolish one
I feel younger as I'm getting older, haven't got a clue
Wake up to my freest days with nothin' left to do

But I'm not feelin' like I'm young
Ain't nothin' new, just a quiet crisis I'm goin' through
Nothin' new, just a quiet crisis
But I'm not feelin' like I'm young

Time to pack up and move away
And the runnin' all just got a place
To the one you feel the least

I'm not feelin' like I'm young
Ain't nothin' new, just a quiet crisis I'm goin' through
I'm not feelin' like I'm young
Ain't nothin' new, just a quiet crisis I'm goin' through
I'm not feelin' like I'm young
Ain't nothin' new, just a quiet crisis I'm goin' through
I'm not feelin' like I'm young
Nothin' new, just a quiet crisis
But I'm not feelin' like I'm young
