Oh lady, take that eye off of me
Cause I'm not half as dumb as I might
seem
I been through your kind of woman
To last me a while

You see I know those reasons
Behind that smile
And those female persuasions
Advancin' on my situation

Your love, you know I want it
But I can't stand the way you flaunt it
It's obvious you picked out your fool
Been cheatin' on the cardinal rules

Strip a man of his beliefs
Leave a soul full of grief

You know something lady
Lady you're nasty
Lady you're nasty

Oh lady, listen you're just no good
You make a mess of things
Like you think you should
You're just a teasin' sleazin'
girl with no reason

Hundred dollar bundle of joy
Both thumbs down when you hit town
Trick or treatin' the boys

You know something lady
Lady you're nasty
Lady you're nasty
And it ain't no secret

You know with all that war paint on
You're liable to start a fight some place
Or get a lead role in a monster movie
With that kinda face

Ha, ha
