You naughty naughty woman woman woman,  
I am naughty man, naughty naughty man,  
You naughty naughty woman woman woman,  
I'll do anything you'll do anything too.

Cor blimey (you're slimy),  
I'm not I'm nice so try me.

Get on board, get on board,  
Call it on, have one call it on.

You naughty naughty woman woman woman,  
I am naughty man, naughty happy man,  
You naughty naughty woman woman woman,  
I'll do anything you'll do anything too.

Excuse me (you're boozy),  
I'm not I'm just a little juicy,  
Get on board, get on board,  
Tie me on buy one tie me on.

You naughty naughty woman woman woman,  
I am naughty man, naughty naughty man,  
You naughty naughty woman woman woman,  
I'll do anything you'll do anything too,  
(A-ha you naughty),  
I'll do anything you'll do anything too,  
(Nice, I like it, I like it)

La de da de da,  
Don't you know,  
That I know,  
What you know, no,  
Don't you know what I know.

What,  
You naughty naughty woman woman woman,

You naughty naughty woman woman woman,  
You naughty naughty woman woman woman,  
(I'm happy, you happy, everybody happy),  
I'll do anything you'll do anything too,

I'll do anything you'll do anything too,  
You naughty naughty woman woman woman,  
(I'm happy, you naughty, I'm happy being naughty),  
(I'm naughty, you naughty, why don't we go to party),  
(You naughty, I'm happy, I'm happy that you're  
naughty),  
(He's happy, he's naughty, the geezer's over forty),  
You naughty naughty woman woman woman,  
(Don't leave me, I love you, I want to be beside you),  
(Come here please, I want you, I need you, look at me,  
look at me),  
You naughty naughty woman woman woman,  
(Woman look at me, here look at me, I'm over here)  
(Look what are you doing, where are you going, go  
ahead look at me, here)  
You naughty naughty woman woman woman,  
(He's happy, he's naughty, the geezer's over forty),  
(And that is very homely, don't leave me, I love you, I  
want to be beside you)
