Don't be a fool by the way she moves  
You're dancing with the devil in the pale blue moon  
She's wicked, ooh-ooh

Turn and run before it's too late  
or six feet under gravel be your rest in place  
She's wicked, ooh-ooh

There is silence in her steps  
No beating in her chest  
Without a sound you know you've been found  
When she's breathing down your neck

She is meaner than mean, crueller than cruel  
You can't escape, you're never safe  
She's play you for the fool

She is colder than cold  
Most faithfully feared  
Your time is up, you're out of luck  
When she whispers in your ear

She's wicked, she's wicked

Cut your losses, give up now  
'cause she won't be so gentle when she takes  
you down  
She's wicked, ooh-ooh

Say your prayers if you feel the need  
Just don't waste your prayers on a sympathy  
She's wicked, ooh-ooh

There's silence in her steps  
No beating in her chest  
Without a sound you know you've been found  
When she's breathing down your neck

She is meaner than mean, crueller than cruel  
You can't escape, you're never safe  
She's play you for the fool

She is colder than cold  
Most faithfully feared  
Your time is up, you're out of luck  
When she whispers in your ear

She's wicked, she's wicked.
