In 1580 we sailed our little ship  
Around the coast of Africa, down the Gaza strip  
We took some salty bacon and a hammock for a bed  
Then we mixed it with the Spaniards in the middle of  
the Med

Well, we hired our funds, saw the pretty girls a comin'  
There wasn't quite as many as there was a while ago  
We hired some more and then we started runnin'  
All down the Mississippi to the Gulf of Mexico

Well, Francis Drake said if you really want a fight  
The best thing is to catch them in the middle of the  
night  
We hoisted anchor and powdered up the gun  
Then we sailed around in circles and just waited for the  
fun

Well, we hired our funds, saw the pretty girls a-comin'  
There wasn't quite as many as there was a while ago  
We hired some more and then we started runnin'  
All down the Mississippi to the Gulf of Mexico

Well, cannon balls flew and the ship began to sink  
The water started risin', so we really had to think  
And then by chance stood a man as black as coal  
So we grabbed him by the trousers and we plugged  
him in the hole

Well, we hired our funds, saw the pretty girls a-comin'  
There wasn't quite as many as there was a while ago  
We hired some more and then we started runnin'  
All down the Mississippi to the Gulf of Mexico

Well, we fired from the side port and we fired from the  
back  
And then we fired from the gallery and through every  
little crack  
We fired so much that the cook started cooking  
Didn't have to worry so we flew the Union Jack

Well, we hired our funds, saw the pretty girls a comin'

There wasn't quite as many as there was a while ago  
We hired some more and then we started runnin'  
All down the Mississippi to the Gulf of Mexico
