Brothers and sisters  
Give thanks and praises to the almighty

Un sang, un souffle, un son qui nous unit  
Ma s  ur,  
You are my friend for life  
It's jah love that binds us together  
Le pass  , les blessures, les soucis  
Partag  s ne p  sent plus rien  
For in this life his love conquers all  
And give us strength so

Brothers and sisters  
Give thanks and praises to the almighty

For he gave us life through the grace of love  
So it's only right to send this praises up  
And who else could it be but the almighty  
To help us through our adversity  
For in this life his love conquers all  
And give us strength so

Brothers and sisters  
Give thanks and praises to the almighty

Mojo verse

Non pas de soucis, non pas d'ennemi  
C'est dans la m  me   nergie que nous rel  verons  
le d  fi

Lib  re ton esprit  
D  s maintenant souviens-toi  
Qu'hier encore, nous   tions reines et rois.

Pour mes fr  res et s  urs  
Brothers and sisters

Rockers.
