You know I... baby, like the flowers love the rain  
And I'd do anything... till the sun comes up again  
I tried my best to tell you but the words don't do the  
trick  
I guess you have to read my licks

When I... this morning I had a sweet dream on my mind  
I tried to... honey but I couldn't get you on the line  
So I wrote this note to send you the stamp it wouldn't  
stick  
So I guess you'll have to read my licks

I let my fingers do the talking when my tongue gets  
tied  
Darling when I see you walking I get... inside  
You be my one and only is I only had my pick  
And you'd see who much I... if you could read my licks

When I get her to the chapel I'm gonna have to bring  
my box  
And when to preacher asks... just gonna have to let that  
guitar talk  
But I tell her all my troubles after we get hitched  
Till then she'll have to read my licks

But I tell her all my troubles after we get hitched  
Till then she'll have to read my licks

And I'll tell you all my... after we get hitched  
Till then you'll have to read my licks
