"A Million Miles Away"

As I look all around now
I feel like touching the sky
Only I just can wait now
Till the feeling, it passes me by
There's beauty and there's beauty
And I've got to make a start
There's paradise in my eyes
But pain, it's in my heart

As I run for the finish
I'm recalling back to the start
In the croud, I'm alone
But it's all down to my part
There's paradise in my eyes
But pain it's in my heart

A million miles away (*)
A million miles away
A million miles away
A million miles away
When I want
When I'm lonely
When I'm lonely

It's only me if I can get my release now
Only I've got the key
But I've got to find out now
If it's a reality
There's beauty and there's beauty
Got to make a start
There's paradise in my eyes
But pain, it's in my heart
