da-da-dance
don't you feel that energy?
us together you and me
da-da-dance
girl you take my head
and now i'm turning red
girl i'm so in love with you
dance
da-da-dance
don't you feel that energy?
us together you and me
da-da-dance

i want you know baby baby
since you hit the floor baby baby
all i think about is you

rap:yo! girl, meet me the floor for dreamstate dancin'
when the night is through i'll be romancin'
since you took the floor i've been excited
all that i can think about is how i'm gonna wrap your
body tight
and how before the night is thru i'll be holdin' you
if you don't dance with me i'll scream
meet me at the go-go, disco, party or whatever
just don't split that wouldn't be claver and yo!
dream state dance there's no way out makin' love to
you
that's what i'm talkin' about -
ready or not i'm willin' and able
you know you're ready too! so girl just say so
since you took the floor girl my libido
is jumpin' like a bull frog pinched with needles
and yo - to wrap your body tight girl that's my aim
and if you're on the one you'll do the same
girl, i'm turning red from all this thinkin'
if you're really cool then you'll stop winking
cause that's a turn on and never felt affection so
strong
and yo! there's no way out makin' love to you is what
i'm talkin' about

since you took the floor you're all i see
come here girl, make love to me

don't you feel that energy - da-da-dance
us together you and me - dancin'
