Electric delight  
An amazing machine  
Electric delight  
Is on the scene  
Electric delight  
Such a beautiful sound  
Electric delight  
Floating around

Electronic's filling the air  
Swinging echoes from everywhere  
Jupiter's drumming is O.K.  
The machine begins to play.

Electric delight  
It's wonderful tune  
Electric delight  
Like moon in June  
Electric delight  
Intergalactic band  
Electric delight  
Is going to land.

Electric delight  
An amazing machine  
Electric delight  
Is one the scene.
