What did I leave behind me, why did I leave forever  
What did I leave behind me, why did I leave forever

Why did I ever, why did I ever let it go  
What did I leave behind me, why did I leave forever  
When will I ever return to the stars, to the stars,  
To the stars

To find the answer in yourself, that is the only solution

Why did I ever let it go, why did I ever let it go

What did I leave behind me, why did I leave forever  
What did I leave behind me, why did I leave forever  
When will I ever return to the stars, to the stars,  
To the stars

One small step for man, one giant leap for man kind

To me it's just a moon walk...
