"Sampling Machine"

Visit "[Sampling Machine](#)" on MotoLyrics.com

sampling machine - electric delight
we're coming of age - electric delight
these are computer days - electric delight
we were children before - electric delight
what was it all for?

is life far too easy today
we've machines to come to our aid
have we time for people you say
i'm too busy - no way!

cassettes, CD's - electric delight
or D.A.T's - electric delight
software, IC's - electric delight
and sampling machines

micro PC's - electric delight
micro-surgery - electric delight
satellite TV - electric delight
looks good to me

is life far too easy today?
we've machines to came to our aid
have we time for people you say
I'm too busy - no way!
