So you're rushing all around,
Making your way to the top.
But you'd better count me out,
I'm not running anymore.
Power race,
Is gonna break your heart
Power race,
Is gonna ruin your life
So that's the world you've built,
Or let the others build for you.
Though I feel sorry for you,
I don't trust you anymore.
Power lies,
Are gonna break your heart

Power lies,
Are gonna chain your life
Power lies,
Are gonna rule the world
Lonely life,
Is gonna freeze your heart
Lonely life,
Is gonna drive you mad
Power greed,
Is gonna rule your life
Power greed,
Is gonna rule the world
Power race,
Is gonna slave your heart
