It's not natural If it goes against God
It's not factual Her truth is not hard
It's not natural If it goes against God
It's not factual Gimme the truth!
Listen to the lyric as the negative is shrinkin
It's shrinkin out your life when you decide to change
your thinkin
One of the first things we gotta switch around of course
Is Jesus Christ, and him dying on the cross
You're looking at the cross, surrounded in it's mystery
With Jesus on the cross in a, total misery
Now seperate Jesus from the cross so you can see
The truth about the cross, and the cross's history
The cross was created by the Roman government
It's only purpose and use, is cap-i-tal punishment
But Jesus Christ, was all about the revolution
While the cross was used as Jesus Christ's execution
See what if Jesus Christ, was hung upon a tree
Upon every church wall, that's exactly what you'd see
If Jesus Christ, was shot in the head with no respect
We'd all have little gold guns around our neck
If Jesus Christ was killed in electric chair, now get it
You'd be knealing to the electric chair with Jesus, still in
it
You gaze upon the cross, and you see the execution
You yell stop the violence but the cross you're still
using
It's not natural If it goes against God
It's not factual Her truth is not hard
It's not natural If it goes against God
It's not factual Gimme the truth!
So I say listen, listen, open up your third eye vision
God is not down with religion
Religion they be sellin it, listen up, God is intelligent
Reading of the bible is irrelevant
You gotta look within yourself, not a scripture
KRS-One comes to rearrange the God picture
If you sit and believe, you can acheive
If you sit and accept, you don't know, what's correct
Or incorrect, take for instance Adam and Eve
The first two people on the planet, or so you believe

Their first time in heaven kids they had, Cain and Abel
Huh, now let me show you why the story's unstable
According to the story, according to what you believe
There was only Cain, Abel, Adam, and Eve
On the whole planet, now use your intellect
And tell me, what did Cain and Abel do for sex?
Upon the whole planet there was not another
Could it be for sex, heh, they were looking at each
other?
Hold up! I thought the church wasn't into that
But wait, still yet, there is another fact
How did the world get populated?
Now tell me if I'm wrong, but obviously Eve had it goin
on
Think for a minute, I know it gets notorious
But yo G, check out the chorus
It's not natural If it goes against God
It's not factual Her truth is not hard
It's not natural If it goes against God
It's not factual Gimme the truth!
[Rich Nice]
Yo yo...
Yo bring that back
I wanna say something on this BlastMaster session
Yo this is Rich Nice
You brothers gotta stop treating these hoes like nice
girls
And these nice girls like hoes
[KRS-One]
True indeed, I'd like to welcome the rebirth of the
Goddess
Word up it's all about knowledge of self
Yo Busta Rhymes, why don't you take the session over
from here
