Some of us, we're hardly ever here
The rest of us, we're born to disappear
How do I stop myself from being just a number?
How will I hold my head to keep from going under?

Down to the wire
I wanted water
But I walk through the fire
If this is what it takes to take me even higher
And I'll come through like I do
When the world keeps testing me, testing me, testing
me

How did they find me here?
What do they want from me?
All of this vultures hidin' right outside my door
I hear them whisperin'
They're tryin' to ride it out
Cause they've never gone this long without a kill before

Down to the wire
I wanted water
But I walk through the fire
If this is what it takes to take me even higher
And I'll come through like I do
When the world keeps testing me, testing me, testing
me

Wheel's up, I got to leave this evening
Can't seem to shake the vultures off of my trail
Power is made by power being taken
So, I keep on running to protect my situation

Down to the wire
I wanted water
But I walk through the fire
If this is what it takes to take me even higher
And I'll come through like I do
When the world keeps testing me, testing me, testing
me

What you gonna do about it?
What you gonna do about it?
