It's not like I haven't tried and tried
It isn't where I look but what I find
Been keeping clear of stepping on the cracks
This just enough to keep me coming back

Oh I'm waiting for better angels
Oh I'm waiting for any lead
Though my case looks fatal
I'm still hoping better angels come to me

Better late than not at all
Better to make a break than take a fall
I wouldn't mind hanging on
If I could find out what I'm hanging from

Oh I'm waiting for better angels
Oh I'm waiting for any lead
Though my case looks fatal
I'm still hoping better angels come to me

(Instrumental)

I'm waiting for better angels
Oh I'm waiting for any lead
Though my case looks fatal
I'm still hoping better angels come to me
Still hoping better angels come to me
Still hoping better angels
Come to me
