Oh, stars on high, why can't I make you see
That I don't want your light to shine on me?
He said good-bye,
Just let me cry.
Don't let me hear the robins sing above,
What good's their song if I've no one to love?
He said good-bye,
Just let me cry.
Hide every lovely flower from my sight,
Don't let that dreamy moon come out, oh, tonight.
And please don't let me see two lovers kiss,
Don't let me be reminded what I miss.
He said good-bye,
Just let me cry.
(Instrumental Break)
He said good-bye,
Just let me cry, yeah,
Just let me cry,
Just let me cry...
(Fade Out)
