Don't tell me about towns like New York, Frisco,
Im not interested in all that small talk, go-go.
Im more satisfied being here by my babys side.
Just give me my town, my guy and me,
My town, my guy and me.
My towns got all the other towns beat,
My town towns got everything that I need.
Just give me my town, my guy and me.
Don't tell me about all the good times Im missin,
Nothings good as the time when were lovin, and kissin.
Im happy right here, yeah, where every night,
He holds me tight.
Just give me my town, my guy and me,
My town, my guy and me.
My towns got what no other towns got,
A guy that loves me and needs me a lot!
So give me my town, my guy and me,
My town, my guy and me.
Oh, Im happy right here, where every night,
He holds me tight.
Just give me my town, my guy and me,
My town, my guy and me.
Just give me my town, my guy and me,
My town, my guy and me.
So give me my town, my guy and me (Fades)
