Is the butcher poisoning your pork chops
Are you sure you'er mail's been oopen before

Is the dude behind the desk
Behind the smiling skin
Behind the plot to do you in?

Paranoia
You got paranoia
Paranoia
You got paranoia
Hey don't despair
You got company there
Paranoia's just the left side of right

Do you feel that red light waited for you
Do their answers leave you wondering why
When you hear a siren screaming in the dead of night
Are they comin' 'cause they know you're gettin' high?

Paranoia
You got paranoia
Paranoia
You got paranoia
Hey don't despair
You got company there
Paranoia's just the black side of white

When at last they really come to get you
And they to strip your madness away
Hang on to all the crazy things you do and say
Paranoia's gonna save your life some day

Paranoia
You got paranoia
Paranoia
You got paranoia
Hey don't despair
You got company there
Paranoia's just the loose side of tight
