I wanna run
I want to hide
I wanna tear down the walls
That hold me inside
I wanna reach out
And touch the flame
Where the streets have no name

Ohhh
Where the streets have no name
Ohh
Where the streets have no name
Where the streets have no name
We're still building
Then burning down love
Burning down love
And when I go there
I go there with you
It's all I can do

The city's aflood
And our love turns to rust
We're beaten and blown by the wind
Trampled in dust

Oooohhh
Where the streets have no name...
