They don't care just how I cherish
Cherish you babe
And see you made my life so special
I need your embrace
Don't mean to embarrass you
You've been in my head with your ties
Tell me baby where's your mind
Won't you tell me, my baby

There was, a time when we
Chit-chatted on the phone
Even till early morn
A very special day

I'm afraid that I won't get a little bit colder (A very
special day)
Everyday I'm afraid I'll be off of your shoulder
What's up

What's your rush (What's my rush)
Why do we fight (I don't know why)
(I told you many times that I miss ya)
(So baby quit waiting to say that I love ya)
What's your rush (What's my rush)
Why do we fight (I don't know why)
(Can't you see that I miss ya)
(So what's it to convince ya)

I say why,
Why you do what you do
When I so done with you
Say I'm sorry

They don't get you but I cherish
Cherish you babe
You see you made my life so special babe

Your my heart, your my soul
So don't let me go
Catch me babe I'm fallin
Is there something I can do to let you know

How I feel with you at times

You can't say on the phone
You don't catch my eye
No, not much like before
A very special day

I'm afraid that I won't get a little bit colder (a very
special day)
Everyday let me say I'm a little bit colder
What's up

What's your rush (What's my rush)
Why do we fight (I don't know why)
(I told you many times that I miss ya)
(So baby quit waiting to say that I love ya)
What's your rush (What's my rush)
Why do we fight (I don't know why)
(Can't you see that I miss ya)
(So what's it to convince ya)
