He tried calling the number I gave him
The tide covered him up
I can't save him

Heaven open
He's half way to hell and back
The clouds darkness came right before him
The world threw him some curses and warnings
Heaven open he's half way to hell

Now that you sleep
You won't come back to me
Come back, come back
You left us all alone
Secrets, you kept them
Now you're laying in the stone I'm not
Now you'll never come home

Your pain
It carried your mind somewhere else
And the day nobody came to your help
Now I'm sorry the angels weren't there

Now that you sleep
You won't come back to me
Come back, come back
You left us all alone
Secrets, you kept them
Now you're laying in the stone
Now you'll never come home

You were young, shun like the sun
We will never forget you
You pass on
It was so long

Come back, come back
You've left us here alone
Secrets, you've kept them
Now you're laying in the stone
Come back, come back
You left us all alone

Secrets, you kept them
Now you're laying in the stone
Come back, come back
You left us all alone
Secrets, you kept them
Now you're laying in the stone
And you'll never come home
