My friends have told me lately
That you've been talkin' 'bout me
How I'm your one and only

Oh yeah

Well if that's what your sayin'
That kind of information
Is what I need my baby

Oh yeah

You can tell me on the phone baby
Tell me when we are alone baby
Just don't take too long

I need to hear it from you
I don't know if everything they say is true
I can't read your mind
Even if I wanted to
I need to hear it from you

The time we spend together
Just keeps on getting better
I think you know it baby

Oh yeah

We share eachother's secrets
But still there's one your keeping
About the way your feelin'

Oh yeah

I think you need to let it out baby
In a whisper or a shout baby
Just don't take too long

I need to hear it from you
I don't know if everything they say is true
I can't read your mind

Even if I wanted to
I need to hear it

From your lips, from your mouth
Go on and say it baby
Tell me now

To my face, to my heart
Go on and say it baby
Shout it out

I need to
I need to hear it from you
I don't know if everything they say is true
I can't read your mind
Even if I wanted to
I need to hear it

(repeat)
From your lips, from your mouth
Go on and say it baby
To my face, to my heart
Go on and say it baby

Shout it out
Shout it out
Go on and say it baby
Oh yeah
Uh huh
Repeat and fade out
