I was blinded by you  
I got lost in your eyes  
Too afraid to find you  
And too late to read the signs  
To read the signs

I was young and foolish  
Didn't know how to love  
Now I see the truth in  
All that's left undone

Now I know that I need you  
Only hope just to see you  
Scream my name through the silence  
See your face in the distance  
'Cause I'm crawling  
And falling  
Whatever I must do  
To make it back to you

Feel you with me always  
In everything I do  
Now a day is dawning  
We can make it through

'Cause I know that I need you  
Only hope is just to see you  
Scream your name through the silence  
See your face in the distance  
'Cause I'm crawling  
And falling  
Whatever I must do  
To make it back

Praying for a second try  
To be in your arms  
Now that I have realized  
Just who we are  
You're the one who makes me feel alive  
Now I know that I need you  
Only hope is just to see you  
'Cause I know that I need you

Only hope is just to see you  
Scream your name through the silence  
See your face in the distance  
Know I know  
That I need you  
Only hope us just to see you  
Scream your name through the silence  
See your face in the distance  
'Cause I'm crawling  
And Falling  
Whatever I must do  
To make it back to you
