You never close your eyes
You never sleep at night
You are an emotional nightmare
You are a misfit

You like to hurt yourself
And when you don't know why
You're trapped inside your own hell
No one else knows your name

See the misfit in the mirror
See the freak that lives inside
See the misfit in the mirror cry

See the one nobody wanted
Shattered by a world of lies
See the misfit in the mirror die

You always crash your car
You're like a permanent scar
You're just a walking disaster
You are the opposite of moving faster

When you've been pushed around
When all your walls fall down
And when they call you misfit
It's so hard to stop the rage

See the misfit in the mirror
See the freak that lives inside
See the misfit in the mirror cry

See the one nobody wanted
Shattered by a world of lies
See the misfit in the mirror die

I see you and I see
Everything that I hate
Darkness all around me
Makes me suffocate

See the misfit in the mirror

See the freak that lives inside
See the misfit in the mirror cry

See the one nobody wanted
Shattered by a world of lies
See the misfit in the mirror die
