Don't hang up, can't we talk  
So confused it's like I'm lost  
What went wrong, what made you go  
Don't pretend you don't know  
This is me I'm unchangable

When did we fall apart  
Or did you lie from the start  
When you said, it's only you  
I was blind, such a fool  
Thinking we were unbreakable

[Chorus]

It was you and me, against the world  
And you promised me forever more  
Was it something that I said  
Was it something that I did  
Cause I gotta know what made me unbeautiful

[Verse 2]

I've been told what's done is done  
To let it go and carry on  
Deep inside I know that's true  
I'm stuck in time, stuck on you  
When We were still untouchable

[Chorus]

It was you and me, against the world  
And you promised me forever more  
Was it something that I said  
Was it something that I did  
Cause I gotta know what made me unbeautiful

[Bridge]

Wake up, wake up, wake up, wake up  
Cause I'm only dreaming  
Get out, get out, get out, get out  
Get out of my head now  
Because we're much better altogether  
Can't let go

[Chorus] x2

It was you and me, against the world  
And you promised me forever more  
Was it something that I said  
Was it something that I did  
Cause I gotta know what made me unbeautiful

It was you and me, against the world  
And you promised me forever more  
Was it something that I said  
Was it something that I did  
Cause I gotta know what made me unbeautiful

... Made me unbeautiful
