I close my eyes
To see the world
I close my eyes
So
That it won't hurt
I'm sailing
In a blue ocean
And flying
Into your heart

I catch my breath
Under the full moon
A star that shines
So pleased
To meet you
Maybe
I'm
Dreaming forever
I'd like
To love right here

Before
The night ends
And another
New day turns
How I hold
How I hold on
And out of this
Endless blue
Somehow
I will find you
Before the night ends
Before the night ends

I made a choice
More
Than a few times
To walk alone (?)
But I wanna go
To the distance
I'd like
To love right here

Before
The night ends
And another
New day turns
How I hold
How I hold on
And out of this
Endless blue
Somehow
I will find you
Before
The night ends
Before
The night ends

Close my eyes
Ever got an end
Before
The night ends
I hope I find you
