I was  
Living in a fantasy  
Waiting  
For somebody to rescue me  
But I found a way to light the dark  
It was always here inside my heart  
No more fairy tale pretending  
I'll make my own happy ending

(chorus)  
If I wasn't meant to fly  
I wouldn't have these wings  
I wouldn't reach up to the sky  
Every night in my dreams  
There's a voice inside of me  
Saying "I can do anything"  
'Cause if I wasn't meant to fly

I wouldn't have these wings

There's a  
Star that's shining down on me  
Reflecting  
Everything that I can be  
Every journey starts inside my heart  
There's no mountain that's too far  
'Cause if I set my mind to it  
Whatever it is I can do it

Chorus

To take me farther  
Than I ever thought I'd go  
Higher than the Heavens  
'Cause deep inside I know

Chorus
