You say you're not sure about love  
If this thing we got together is real  
But I say what are you afraid of?  
You're a man now and you know how to feel

Look to your heart  
And the answer will be  
Such a very simple thing

But if the love fits wear it, baby  
And if it feels good, put it on  
And if it's not right then just maybe  
You'd be better off to leave it alone

But if the love fits wear it baby  
And if it feels good, put it on  
And if it looks right then just maybe  
This love we have is where you belong

Baby you've got nothin' to lose  
You can try it on and see if it suits you  
And maybe, if it's not right for you  
You can turn and walk away if you choose to

I want you to stay  
Cause you feel good to me  
But I'll leave it up to you

And if the love fits wear it, baby  
And if it feels good, put it on  
And if it's not right then just maybe  
You'd be better off to leave it alone

But if the love fits wear it baby  
And if it feels good, put it on  
And if it looks right then just maybe  
This love we have is where you belong

I'd like to hold you for I love you a lot  
And try to make you understand  
We got a good thing and it fits us so tight  
But what can I do?

It's up to you

But if the love fits wear it, baby  
And if it feels good, put it on  
And if it's not right then just maybe  
You'd be better off to leave it alone

But if the love fits wear it baby  
And if it feels good, put it on  
And if it looks right then just maybe  
This love we have is where you belong
