I am weak and helpless  
You could take me down  
If you wanted to  
If you caught me alone  
I don't think i could  
Put up much of a fight  
Let's wait until no one  
Is around then you can start it  
If you come closer  
You'll find that it's easy  
Touch me with your hand  
You'll get everything you want  
Don't fear me  
Don't fear me at all

Don't fear me until you fall  
Paint a red picture  
Of me on the bricks  
No one can see us  
You should strike quickly  
Stuck with you like an itch  
Just beneath your face  
A scratch in your skin  
That you can't erase  
Why are you crying?  
Why do you... plead?  
I thought you wanted  
To see somebody bleed
