I'm sleeping and right in the middle of a good dream
When all at once I wake up
From something that keeps knocking at my brain
Before I go insane
I hold my pillow to my head and spring up in my bed
Screaming out the words I dread,
I think I love you
This morning I woke up with this feeling
I didn't know how to deal with
And so I just decided to myself I'd hide it to myself
And never talk about it
And didn't I go and shout it when you walked into the
room,
I think I love you
I think I love you so what am I so afraid of?
I'm afraid that I'm not sure of
A love there is no cure for.
I think I love you
Isn't that what life is made of?
Though it worries me to say that I've never felt this way.
Believe me, you really don't have to worry
I only want to make you happy,
And if you say, "Hey go away" I will, but I think better
still,
I better stay around and love till you think I have a case
Let me ask you to your face, "Do you think you love
me?"
I think I love you
I think I love you so what am I so afraid of?
I'm afraid that I'm not sure of
A love there is no cure for.
I think I love you
Isn't that what life is made of?
Though it worries me to say that I've never felt this way.
I don't know what I'm up against. I don't know what it's
all about.
I got so much to think about, YEAH
I think I love you
I think I love you so what am I so afraid of?
I'm afraid that I'm not sure of
A love there is no cure for.

DO you think you love me?
I think I love you
I think I love you
