And I swear it's the last time and I swear it's my last try  
And we'll walk in circles around this whole block  
Walk on the cracks of the same old sidewalks  
Then we'll talk about leaving town  
Yeah we'll talk about leaving  
I swear it's the last time, and I swear it's my last try

We rode across that bridge all night  
We talked our way through city lights  
Traced all the lines, we're killing time  
Under those buzzing signs  
From downtown to anywhere but here  
Tonight, yeah, I swear to these rooftops  
And just hoped that car would never stop

[Chorus:]

And I swear it's the last time and I swear it's my last try  
And we'll walk in circles around this whole block  
Walk on the cracks of the same old sidewalks  
And we'll talk about leaving town  
And we'll talk about leaving  
I swear it's the last time and I swear it's my last try

We drove around this place all night  
Past closed signs and familiar sights  
We're moving by, passing time  
Counting those center lines  
With 20,000 lines left to go  
That lead to somewhere I don't know  
It might be the time that we leave this all behind

[Chorus]

And there's been a few times  
That we thought it felt right  
To take all the westbound signs  
And just leave town tonight

And I swear it's the last time and I swear it's my last try  
And we'll walk in circles around this whole block  
Walk on the cracks of the same old sidewalks

And we'll talk about leaving town  
Yeah we'll talk about leaving  
I swear it's the last time and I swear it's my last try  
And I swear it's my last try  
And we'll talk about leaving town  
And we'll talk about leaving town
