Verse One:

I saw the rod-eye cross and murder circle above my
turret
Slither spiraling banister down a hide
My ruby glass glazed specs staple to trade the market
thieves
Where vendors cop the stolen citrus out they pyramids
Merry without a slapstick mavericks plugged directly to
3rd rail surges
Piss on electric mayhem through city commuter circuits
Ooh child, raises oddity, son of a circus side show
freak
Pertinent to the slide show, the wino's leak but I won't
speak
Infected projection hung thicken the air
Punching is burning plastics upon whiffing the nasal
cringes
Pucker another 60-second lapse while 60 stars collapse
the suckers
And I'm reborn every time the wine metamorphs back
to water, my god
Sweet Christ crucify me with rail road spikes
Use my skull to bash them all in, gather sit and grin,
weave
All fair the most serene communication's pageant
Where sitting with a stranger and living awards the
badges
I spell Marry with my name stitched on my heritage
Incinerate arrogant simpletons to feed my cherished
wind
Buried in leagues a please, thank you, pardon, excuse
me
Your welcome, may I? ohh, I'd like to nod but no you
may not
Let's take a deep breath, naw let's take a breath
Naw let's take, naw let's aaah shit, well I guess that
about says it
Maybe I'll craft the sycamore canoe and paddle
upstream
Where the luck seems to reflect precious lovely

interventions

Chorus:

I have died a thousand deaths, and I apologize for you
and yours
For kicking your fantasies overboard
I mean I'm only one servant, ayo one hell of a diversion
And if the masses have agreed to split the sea then let
it bleed

I have died a thousand deaths, and I apologize for
them and theirs
For breaking down their ropes, ladders and stairs
I mean I'm only one servant, ayo one hell of a diversion
And if the masses have agreed to split the sea then let
it bleed

Verse Two:

You ever died a thousand deaths? I have
And in the morrow stood a thousand steps from where
my nourish laughed
And made a boat at, nomad, I roam in a social coma
Jones and behome alone days sink how my poems I
Dig in the dirt I bring up the earth like pulley systems
Thereby painting the perfect metaphor for hung juries
Strung along a song of spawning thorns of fury
Numb the anti-add-alarm before he recognized this
worries me
Carpet by my spearheading fink-eye beretta
Walk my line, now what? Now strut that little poison
combine
Y'all call natural, in honesty promise me twenty
thousand salami links
And dive and finding my thriving ivy leaves climbing up
the pit fall
Lack of most lords aboard, heroes unsung heroes
unbrung rewards
Yo if I flutter in a trouble clutch then I dance fancy
forward
Like park children double dutching ropes in burning
city summers
My wing span can and will employ full expansion
Unfolding while lamping at home with my hands
spanning for gold
Told them the roof was on fire, when that structure
burned to ashes
All y'all saw was Aesop Rock holding an empty book of
matches
Maybe I'll sit until the spilling motors clear

Maybe I'll sit and stroke my billie goat beard
And rethink the time angels appear, maybe I won't
Bundled in my humble little plummet
Numb enough to die those thousand deaths under the
sun it makes me sick

Chorus:

I have died a thousand deaths, and I apologize for you
and yours
For kicking your fantasies overboard
I mean I'm only one servant, ayo one hell of a diversion
And if the masses have agreed to split the sea then let
it bleed

I have died a thousand deaths, and I apologize for
them and theirs
For breaking down their ropes, ladders and stairs
I mean I'm only one servant, ayo one hell of a diversion
And if the masses have agreed to split the sea then let
it bleed

I have died a thousand deaths, and I apologize for you
and yours
For kicking your fantasies overboard
I mean I'm only one servant, ayo one hell of a diversion
And if the masses have agreed to split the sea then let
it bleed

I have died a thousand deaths, and I apologize for
them and theirs
For breaking down their ropes, ladders and stairs
I mean I'm only one servant, ayo one hell of a diversion
And if the masses have agreed to split the sea then let
it bleed
